

# Tobacco Education Clearinghouse of California Services Overview

## Sales Catalog & Customer Service

- Our print and online sales catalog includes over 500 high quality, affordable tobacco education products.
- Our knowledgeable Customer Service staff is ready to help you find the products you need, send samples, and process your orders.
- Search, browse, and order items online at **TobaccoFreeCatalog.org**

**Contact Information:**  
**teccorder@tecc.org** or  
**(800) 258-9090 ext. 103**

## Customized Material

You can order many of the items in the sales catalog customized with your local information including:

- Agency or program contact information
- Local/state quitline numbers
- Special event information
- Program slogans or health messages
- Local school information

Have your own ideas?

TECC can provide a variety of customized educational and advocacy items. Just let us know what you need!

**Email us at:**  
**customorders@tecc.org**

## Free Research and Reference Services

Our dedicated, professional Resource Library staff is available to help you with:

- Reference and research questions
- Searching for material and information on your topic
- Borrowing library material including reports, books, journal articles, videos, training material, posters, games, and more
- Borrowing display units for conferences and presentations
- Connecting with experts in other CTCP-funded projects
- Keeping you informed about new tobacco-related research and resources through *Research Wire* and *Top 10 New Resources* email lists

Visit **Rover**: California's Tobacco Control Library ([www.tcsrover.org](http://www.tcsrover.org)) to access library services, find out about new resources, search the circulation catalog, borrow material online, and create personal bibliographies and e-notices.

**Contact Information:**  
**tecclibrary@etr.org** or **(800) 258-9090 ext. 160 or 161**

## Free Material Development Services

Our dedicated, creative Material Development staff is available to help you with:

- Assessing the needs of your target audience
- Providing an overview of CTCP material development policy
- Choosing a message and a format
- Proofreading and editing
- Finding low or no-cost graphics
- Advising you on copyright issues
- Tools for pre-testing and evaluating your material
- Recommending vendors such as designers, translators, and printers

For more information on our material development services, or to download our free guides, visit **[www.tecc.org/develop](http://www.tecc.org/develop)**.

**Contact Information:**  
**teccdevelop@etr.org** or **(800) 258-9090 ext. 222**
